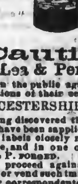
SAUCE.—LEA AND PERRIN'S Worcestershire Sauce.



PRONOUNCED BY CONNOISSEURS TO BE THE Only Good Sauce, and applicable to EVERY VARIETY OF DISH.

EXTRACT of a LETTER from a MEDICAL GENTLEMAN at Madras, To his Brother at WORCESTER, May, 1851. "Tell LEA & PERRINS that their Sauce is highly esteemed in India, and is, in my opinion, the most palatable, as well as the most wholesome Sauce that is made."

Caution.

Lea & Perrins

Beg to caution the public against spurious imitations of their celebrated

WORCESTERSHIRE SAUCE.

L. & P. having discovered that several of the Foreign Markets have been supplied with SPURIOUS IMITATIONS, the labels closely resemble those of the genuine Sauce, and in one or more instances the names of L. & P. FORGED.

L. & P. will proceed against any one who may manufacture or vend such imitations and have instructed their correspondents in the various parts of the world to advise them of any infringement of their rights.

Ask for Lea and Perrins' Sauce.

, Sold Wholesale and for Export by the Proprietors, Worcester; Messrs. Crosse and Blackwell; Messrs Barclay and Sons, London; etc., etc.; and by Grocers and Oilmen universally. a10 1ewly

Dinneford's Pure Fluid Magnesia

HAS BEEN, DURING TWENTY-FIVE years, emphatically sanctioned by the Medical Profession, and universally accepted by the Public as the

BEST REMEDY FOR

Acidity of the Stomach, Heartburn, Headache, Gout, and Indigestion

and as a Mild Aperient for delicate constitutions, more especially for Ladies and Children. Combined with the

ACIDULATED LEMON SYRUP,

it forms an agreeable Effervescing Draught, in which its aperient qualities are much increased. During Hot Seasons, and in hot climates, the regular use of this simple and elegant remedy has been found highly beneficial.

Manufactured (with the utmost attention to strength and purity) by

DINNEFORD & CO.,

172 New Bond street, London;

Agent for Victoria, V. I., W. M. SEARBY, Chemist, Government street.

And sold by all respectable Chemists throughout the World fe10wly

The Invalid's Friend.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
Bilious Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness, from whatever cause
Consumption	Head-ache	Sore Throat	&c., &c.
Debility	Indigestion	Stone and Gravel	
	Inflammation		

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d, 2s. 9d., 4s 6d., 11s. 22s. and 33s each Box.

☞ There is a considerable saving by taking the larger sizes.

DR. HOSTETTER'S STOMACH BITTERS.

THE OPERATION OF THIS PALAtable remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and the other fluids of the body purified?

Dr. Hostetter's Stomach Bitters.

Will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthful invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

☞ BEWARE OF COUNTERFEITS. Purchase only of reliable dealers. Sold everywhere.

$100 REWARD.

I HEREBY OFFER A REWARD OF ONE HUNDRED dollars to be paid by me to any party or parties who will give such information as leads to the conviction of the party or parties who removed the land mark laid down by me at the corner of Smith's Grocery and Hawkins' Hotel, Esquimalt, viz., a Granite stone with iron bolt inserted in it.

WM. SELLECK.

Witness—John Copland, Solicitor, Victoria. ja28

Consulate of the United States of America,

VICTORIA, V. I., January 25, 1865.

I am directed to publish the following order for the general information of the public:—

DEPARTMENT OF STATE, WASHINGTON, December 17, 1864. }

The President directs that, except immigrant passengers directly entering an American Port by sea, henceforth no traveller shall be allowed to enter the United States from a foreign country without a passport. If a citizen, the passport must be from this Department, or from some United States Minister or Consul abroad; and if an alien, from the competent authority of his own country; the passport to be countersigned by a diplomatic Agent or Consul of the United States. This regulation is intended to apply especially to persons proposing to come to the United States from the neighboring British Provinces. Its observance will be strictly enforced by all officers, civil, military, and naval, in the service of the United States, and the State and Municipal authorities are requested to aid in its execution. It is expected, however, that no immigrant passenger, coming in manner aforesaid, will be obstructed, or any other persons who may set out on their way hither before intelligence of this regulation could reasonably be expected to reach the country from which they may have started.

WILLIAM H. SEWARD.

Parties requiring passports issued, or countersigned, will apply at this consulate between the hours of 9, a. m., and 4, p. m., each day.

ALLEN FRANCIS, U. S. Consul.

NOTICE.

IN THEIR VARIOUS BUSINESS transactions and engagements the BRITISH COLONIST PUBLISHING COMPANY will sign

fe7 HARRIES & CO.

HE BRITISH COLONIST

Friday Morning, February 17, 1865

To Advertisers & the Public.

THE DAILY BRITISH COLONIST, published every morning (Sundays excepted), is the largest and most widely circulated journal in Her Majesty's Possessions on the Pacific.

Resident Subscribers may have the same left at their residence at 25 cents per week, by furnishing their address at the Office of Publication.

THE WEEKLY BRITISH COLONIST, published every Tuesday, will be mailed or left at the residence of Subscribers, ready for mailing, at 25 cents per week, payable to the carrier.

JOB PRINTING.

THE BRITISH COLONIST PUBLISHING COMPANY having received a large addition to their stock of new and beautiful jobbing type, will execute orders to any extent with promptness and despatch, at a slight advance on San Francisco prices.

MAIL COMMUNICATION.

In the discussion of the Estimates yesterday, a considerable reduction was made in the items for postal communication. The sum proposed by the Executive was in round numbers, $33,000, which was cut down by the House to a little over $15,000. The principal item was that in relation to direct communication with England via Panama, amounting to $25,000. In placing this sum in the estimates, we believe His Excellency was not only carrying out a warm desire on the part of the people, but was acting on the assurance that the sum of $50,000 would be voted by British Columbia for the same object. Without, however, doubting in the slightest the desirability of the measure, the House agreed that under present circumstances, when financial matters were at a rather low ebb, and union with the neighboring colony in immediate prospective, it would be prudent to hold over the vote. There is one feature about this matter, however, which should not be overlooked. We are at present paying over $9000 for mail communication with San Francisco, while British Columbia, although enjoying almost equal benefits, is not contributing a single farthing. Had we mail communication with Panama, our expenses would only be increased about $16,000, while British Columbia would be obliged to pay three times the amount. The argument, therefore, for voting the money is rather strong, and can only be met by the facts already implied—that it will be difficult to make up the ordinary revenue the present year, and that the probability is we shall have union with the neighboring colony before the twelvemonth expires.

The item of $4080 for mail communication to Cowichan, Salt Spring Island, Nanaimo and Comox, is this year larger than last; but the increase is excusable. We have at present one of the finest as well as quickest steamers on the North Pacific, plying between the various settlements. The former isolation of these places has ceased, the farming population are now brought into regular communication with Victoria, and a stimulus is at once given to settlements along the coast. This item of Government expenditure is, therefore, well appropriated. The amount set down for a daily mail to Esquimalt—$1371—was reduced to $350, the House considering that at present a daily mail was unnecessary. We think so too. While express wagons and other vehicles go backward and forward between the two places every day, and while the correspondence between Esquimalt and Victoria is limited to a very insignificant budget, we are rather of opinion that a daily mail would prove an expensive superfluity. The reduction in the Sooke estimate from $1060 to $300 is not so judicious. Three hundred dollars will be of no use whatever in establishing postal communication with Leech river. The whole sum should have been voted or none at all. For our part, we think that a private express will answer the miner's purpose much better. The postal system compels the miner to lose much time in looking after his letters. He is obliged in many cases to walk miles on the mere chance of obtaining a communication at the post office. The expressman saves all this by leaving the letter with the person to whom it is addressed. Any little additional expense therefore that may be entailed by the miner is fully made up by this great convenience. On the whole, we cannot object to yesterday's reductions. A few items there were that might, without injury, have been left as they appeared in the estimates; but the bulk of those reduced could well bear the reduction.

THE UNION QUESTION IN BRITISH COLUMBIA.

A rumor has been current the last few days that the Legislative Council of British Columbia was about to introduce, or had introduced a resolution opposing union with Vancouver Island on all or any grounds, and a certain amount of political capital is attempted to be made of the matter by the free port party. Now we would not like to say anything that might tend to crush still further the spirits of the separationists, but, as a matter of fact, we must inform these gentlemen that if every member of the Legislative Council of the neighboring colony nailed his anti-union colors to the mast, or rather to the stumps at New Westminster, he would not prolong the separation of the two colonies a single hour. If it is necessary to have the opinion of the neighboring colony, it is to the people the question will be left—not an official Council. At present the expression of public sentiment in all the towns above New Westminster is unmistakably in favor of union, and well it might be, since their business men and inhabitants generally are much more intimately connected with Victoria than they are with the capital of their own colony. When Cariboo opens the ensuing season, two or three thousand union and tariff men will be there to give expression to their opinions if need be. The small band of anti-unionists at New Westminster will, therefore, have about as much power to stay the force of the overwhelming sentiment of the country as Mrs. Partington had to stem the tide of the Atlantic.

HOUSE OF ASSEMBLY.

THURSDAY, Feb. 16th.

House met at 3:15 p. m. Members present—Messrs. Franklin, Tolmie, Dickson, DeCosmos, Powell, McClure, Trimble, Dennes.

LAW BILL.

Mr. Dennes gave notice that on Monday next he would ask leave to introduce a bill to amend the manner of taking the verdict in civil cases.

THE ESTIMATES.

The House went into Committee on Supply, Mr. Franklin in the chair.

RENT.

Rent of residence for His Excellency the Governor, $1920. The item was allowed to stand over in order to deal with the whole question.

Rent of Harbormaster's office, $330.

Dr. Dickson suggested that the Government property on Government street should be fitted up for a Post office and Harbormaster's office.

Dr. Helmcken and Dr. Tolmie thought it better to leave the offices where they were for the present.

Mr. DaCosmos argued strongly the propriety of moving the offices at once to the site on Government street. The inconvenience of the present position of the Post office was greatly felt by all classes of the community. We were paying $660 for these offices now, the buildings being of the most miserable kind; those on Government street were very much better, and more convenient in every respect.

Dr. Powell entirely agreed with the hon. member, and would move that a recommendation be made to the Executive to make the desired change.

Dr. Helmcken again spoke in favor of leaving things as they were, in view of the changes which were likely soon to come about. We would soon need more extensive offices, for Custom House, &c.

Dr. Tolmie contended that the Harbormaster's office particularly should be on the water front.

Dr. Dickson asked the Chairman (Mr. Franklin) what rent he was paying for the Government property.

The question being out of order,

Dr. Dickson would then state his own opinion, that more rent could be obtained for the rest of the property, after taking the necessary portions for harbor and post offices, than was now obtained by the Government. The buildings were much better than the present offices (hear, hear) and the entire community were anxious for the change. It was most inconvenient to every body, ladies especially, to go to the present office in the evening. He reiterated that more rent could be got for the remaining portion of the Government property than is now obtained for the whole of it. The buildings could be fitted up for the harbor and post offices at a cost of not more than $200.

The rents were voted, and a recommendation to His Excellency to remove the offices to the old post office lot, Government street, was also carried.

TRANSPORT.

Colonial Secretary—Travelling expenses of officers and others, $1000.

Dr. Dickson said there was certainly no traveling expenses required for the Colonial Secretary; where did the officials wish to travel to? (Hear, hear.)

Mr. DaCosmos said it was usual for something to be allowed for travelling expenses.

Dr. Helmcken said probably the magistrate of Nanaimo would require to come down half a dozen times during the year.

Dr. Dickson moved that it be $500. Carried.

Surveyor General—Travelling expenses, $250. Voted.

Superintendent of Police—Travelling expenses of police, &c., $750.

Dr. Trimble moved that it be $500. Carried.

CONVEYANCE OF MAILS.

Between Vancouver Island and England, $25,000.

The Chairman said this was a contribution towards a direct line to Panama.

Dr. Helmcken did not see that British Columbia showed any desire to join us in obtaining a direct line. He moved that the item be made for service between Victoria and San Francisco, and the amount be the same as last year, viz., $9000.

Mr. Franklin said a proposition had been made for a direct line to Panama, calling at New Westminster, if these colonies would pay 7 per cent on £250,000. He would call attention to the fact that British Columbia paid no part of the present mail subsidy. She should certainly pay one-half.

Dr. Helmcken said if the colonies were not united he would not be in favor of paying one cent towards a subsidy, as we would obtain all the benefit without paying anything. With union, however, he would be willing to contribute a fair share.

Dr. Helmcken's amendment was carried.

Mr. Cochrane here entered the House.

Between Victoria and Esquimalt, $1371.

Dr. Tolmie thought the amount unnecessarily large. He moved that it be the same as last year—$300.

Mr. DaCosmos said if it was only for conveying the foreign mails three times a month, $300, or $8 a trip, was quite enough; if it was for a daily mail and express, however, it was quite a different matter.

Dr. Helmcken said it was for a daily mail, which he thought quite unnecessary.

Dr. Dickson said the letters for the first were carried by an orderly. $350 voted.

Between Victoria, Nanaimo and Comox, and intermediate places, $4080.

The chairman said the amount last year was $1500, but better mail facilities were given this year. The item was voted.

Mails to Saanich, $300; voted.

Mails to Sooke, $1000.

Several members objected to the item, thinking that the mail to Sooke might for a time be left to private enterprise.

Mr. DaCosmos thought it our duty to encourage the mining interests at Sooke; he favored voting the item.

Dr. Tolmie moved that it be $300.

Mr. Carswell said there would doubtless be six times as many letters to go to Sooke as to Saanich, as we hoped to have two or three thousand miners there.

Dr. Dickson moved that it be $500; lost—and the $300 vote carried by the casting vote of the chair.

Mails to New Westminster, $1000; voted.

Mails to Washington Territory, $500; voted.

WORKS AND BUILDINGS.

Residence for His Excellency the Governor. This item was allowed to stand over till the conclusion of the Estimates.

Police Stable, $230; struck out.

Lock-up, Saanich, $100; voted.

Painting of Government Buildings, Victoria, $305; voted.

Schoolhouse, Nanaimo, $800. The Nanaimo items were postponed on motion of Mr. Dennes, owing to the absence of the hon. member for Nanaimo.

Plastering Race Rocks Light house, $1000 Struck out; jetty at do., $1000. Struck out.

Painting, fencing, and general repairs of Government Buildings, Victoria, $2500.

Dr. Helmcken objected to the Government grounds being fenced in, as the street to the west of the Reserve had been made quite impassable by the chaining-gang, and people were obliged to drive through the grounds to get past. When the road was repaired he would be quite ready to grant the amount.

Mr. DeCosmos said no one could keep property in order without expending money. He was in favor of paying the amount.

The amount was not down to $1500 and passed.

Powder Magazine (renewal of last year's vote) $3638.

Mr. DeCosmos moved that the amount be struck out. The matter was one for the civic authorities to deal with.

Mr. Cochrane said during the time which would elapse before the civic authorities could take it up we might all be blown up. He had it on the best authority that the city was in a most precarious position from the quantity of gunpowder stored in the warehouses. (Hear, hear.) He hoped that the amount would be granted, and the magazine erected without a moment's delay. The item was voted.

The committee here rose and reported progress and the House adjourned at a quarter to 5 o'clock.

THE DREDGER AND PUNTS.—Capt. Clarke, of the Sir James Douglas, has had some trouble during the recent gales in securing the Dredger and Barges from damage. Yesterday all the crafts were brought to James Bay, where we understand operations will be commenced until the weather moderates.

The members pay a small monthly fee, the proceeds of which are accumulated as a fund to meet the wants of any of their number who may require the same on account of sickness or destitution.

All Scotchmen who may desire to join the body are requested to call at the residence of the Warden, T. Gorrie, Fort street, where they may see a Constitution and Bylaws of the Association, and leave their names, residence and references

The Association meets on the first Friday of each month.

Steps are being taken to hold an annual Gathering for competition in Highland Games, etc.

NOTICE TO MEMBERS.—The Bylaws are now strictly enforced.

From the North.

ARRIVAL OF THE LABOUCHERE.

Later from Stekin, Bella Coola, &c.

The H. B. Company's steamer Labouchere, Captain Lewis, arrived yesterday from a successful two months' trading voyage to the North. She brought down Dr. and Mrs. Evans, Mr. C. W. Wallace and Mr. M. Bate from Nanaimo, and a few Indians from the trading posts. Her cargo consists of furs and skins. Captain Lewis has kindly furnished us with the following Memoranda:

Steamer Labouchere left Chatsecoah (Russian Territory) on the 20th January. During the month of January at Stekin the weather was very mild with south-east gales and heavy rain every day. There are three miners wintering at the Mouth of the Stekin river, the rest are above. We left Buck at Port Stewart, where he intends remaining part of the winter. The Indians are all very quiet at Stekin. The Russian steamer Constantine called both at Chatsecoah and Stekin on her way to Sitka from Victoria, but has not been down since. Left Fort Simpson on the 29th hard gales from the north-east with frost and snow. Arrived at Bella Coola on February 5th. There are two persons there keeping a store besides Mr. and Mrs. Ogilvy. Anahum and his party are expected in about a month: the murderers have been seen at Wickaron river, canal. Left the Nimpkish on the 15th at 10 p.m. The Gazelle passed up on the 13th. Passed the Laogley, in Johnson's Straits, and left the Carolena at anchor in Dutrose's Bay, Seymour Narrows. She is manned by Metlakahtla Indians. The Captain of the Laogley is on board.

MR. TAYLOR'S BENEFIT.—The theatre was crowded last night—a proof of the estimation in which the beneficiary, Mr. J. H. Taylor, is held. The excellent English drama of the Wife's Secret was well performed, Mrs. Hayne assuming the fine character of Evaline, and Mr. Taylor that of Sir W. Amyott. Black-Eyed Susan concluded the evening's entertainment, and was much relished by the audience. William and Captain Crosstree were represented by two amateurs, who displayed considerable histrionic talent and received thunders of applause. To-night is Mr. Hayne's farewell benefit.

A NEW LINER.—The California Steam Navigation Company are building a new steamer to be placed on the route between San Francisco and this city. She will be built on a different model from the present steamers on the line, being only a single-decked vessel, and of light draft, drawing 11 feet when loaded, and consequently will be able to enter Victoria harbor even in its present stage. Her tonnage will be 1500 tons measurement.

NEW BOAT FOR THE FRASER.—We understand that Mr. Trahey, ship builder of this city, is designing a new steamboat for Capt. Irving, for the Fraser river trade. She is to be a sister craft to the Reliance. Captain Irving is one of the most popular steamboat men in these waters, and his enterprise in establishing a reliable line on the Fraser, deserves the praise and support of the entire community in both colonies.

AN UNFOUND MEASURE.—Mr. Dennes has given notice in the House of a bill to alter the mode of taking verdicts in civil cases. The intention of the bill, we believe, is to provide for a three-fourths verdict when the jury, after being locked up for three hours, fail to come to a unanimous result. A provision of this nature will go far to meet a much needed reform in our civil jurisprudence.

ESSAY ON MAN (BOT POPE'S!)—Mr. Hardy Gillard last evening read an essay on Man in the debating room of the Mechanics' Institute. The essayist strongly advocated the physical as well as moral and intellectual culture of the human race, and recommended a somewhat novel mode of checking physical degeneration in mankind.

WAGE SUIT.—Capt. Ballard was sued yesterday in the Police Court by Thomas Ballard for £10, wages alleged to be due. Mr. Bishop appeared for the defence and objected to the jurisdiction of the Magistrate in sums claimed for wages over £5. The Magistrate made an order for $25 without costs.

NANAIMO.—All differences between the Company and the miners have been satisfactorily arranged and the men returned to work yesterday. Several new buildings are going up. The same sickness at present raging amongst the children of Victoria is now prevalent at Nanaimo.

BENEFIT.—To-night Julia Dean Hayne takes a farewell complimentary benefit in the theatre. The play will be "She Would and he Wouldn't" and "Medea." Mrs. Hayne's deserved popularity will doubtless draw a full house.

THE GOVERNOR'S RESIDENCE.—This *question* *vexata* came up before the House in the Estimates yesterday, but the consideration of the difficulty was postponed till the conclusion of the Estimates, when the whole question will be taken up.

REMANDED.—Bill, Charley, and Jim, the three Indians arrested on suspicion of being concerned in the death of the Indian woman upon whom the recent inquest was held, were brought up yesterday before the Magistrate and remanded for three days.

NANAIMO ESTIMATES.—The amounts placed in the Estimates for school houses, court house, &c., in Nanaimo, were postponed in the House yesterday, owing to the absence of Mr. Bayley, who was prevented by indisposition from occupying his seat in the House.

TELEGRAPH WIRES.—We noticed yesterday on the H. B. Company's wharf 150 coils of telegraph wire landed ex Princess Royal and intended to be used in the Company's line of telegraphic communication.

WHISKY SELLING.—Frank Pico was yesterday fined $50 for supplying spirits to Indians.

THE MAIL STEAMER will probably arrive this morning. She was seven days out yesterday afternoon.

DANCING CLASS.—A Dancing Class for young ladies is held at Mrs. Hayward's Schoolroom, Fort street, on Tuesday and Friday afternoons.

SUPREME COURT

Before His Honor Chief Justice Cameron.

MOTION FOR A NEW TRIAL.

THURSDAY, Feb. 16.

Copland als. Gastineau.—Mr. Cary moved for a rule nisi for a new trial on the grounds of new avidence, as set forth in the affidavit of Mr. John Copland, schotter, the defendant in the former suit. Mr. McCreight showed cause against. His Honor reserved his decision.

THE "SHARE" CASE.

An application for a writ of *certiorari* to compel Mr. Frankiyn, J. P., of Nanaimo, to produce the records in the case in which the above vessel was confiscated, was opposed by the Attorney General, and refused by the Court.

THE POLICY OF THE COUNTRY

TO THE EDITOR OF THE COLONIST.—Sir,—During the last few weeks of intense political strife I have waited and watched for some sound and convincing arguments to be advanced by the most active parties in the conflict in support each of his favorite theory, but with a few exceptions the feelings and fears of those most constantly conversed have found vent only in declamatory warning and denunciation. Not more graphically could have been pourtrayed the ideas of the author of the following lines:

A town feared a siege and held consultation
Which was the best method of fortification.
A grave, skilful mason gave his opinion
That nothing but *stone* could secure the dominion;
A carpenter said, though that were well spoke,
It were better by far to defend it with *oak*;
A mercer, richer than both, these together,
Said cry what you please, there's nothing like *leather*.

Now, sir, dogmatism may still continue to be an essential element in theology, but the day is past for its need or usefulness in political economy. One of the great advantages of the age is men have learned to think; sound reasoning may convince them, but declamation and abstract theories fail now to control the popular mind or will. What we now want is, not what is the best form of Government for Hong Kong, England or Singapore, but what is the best form of Government for Vancouver Island? If there is a man amongst us possessing the qualifications of a statesman, who will stand forth and give any convincing reasons why this colony should have a different government from every other British colony, or from every other prosperous and enlightened government in the world, I do not hesitate to say that nowhere can a population be found more capable of appreciating those reasons, or more willing to adopt any sound policy of government than here. Mr. DeCosmos has, I think, notwithstanding the charges against him of egotism and inconsistency, given most satisfactory reasons for his present political course, and until his views and position can be overcome by sound common sense argument, he will be sustained by the popular will. Notwithstanding there may be some who can be influenced by the dictation or gold of those who regard a country only for what they can take out of it. The theory of universal and reciprocal free trade, in the abstract, is correct; but that Vancouver Island, with its dearth of capital and population, with the powerful antagonistic influences which surround it, rejecting union with its sister colony, and regardless of the concurrence of the balance of the world can by the application of this theory develop its resources and prosper, requires something more than "words signifying nothing," to convince

BLUENOSE.

Victoria, V. I., Feb. 16.

THE FREE PORT.

[BY A RETAILER.]

TO THE EDITOR OF THE BRITISH COLONIST, —SIR,—With your permission I should like to give my opinion of the benefits we shall derive from a tariff. We will premium a two per cent. tariff now levied on all importations, increasing the rate on all we can raise or manufacture in the colony. If only two per cent. be imposed it will require no staff of officers to prevent smuggling; the risk of doing so for so small a profit would prevent any attempt at that dangerous trade. Now suppose we have ten ships yearly from England or other European ports; their cargoes valued at one hundred thousand dollars each, would yield to the revenue at the paltry two per cent. tariff twenty thousand dollars; again, thirty ships from China, San Francisco, or elsewhere, with cargoes valued at fifty thousand dollars each, would yield thirty thousand dollars more to the Treasury. Two per cent. on the produce brought from the other side in small craft, amounting to seven hundred thousand annually, fourteen thousand dollars more. Then again the lumber trade—two dollars on the thousand feet, and a few other little extras, would raise the revenue sixteen thousand dollars more. These trifling imposts would give the nice little sum of eighty thousand dollars into our treasury, and only require three men to collect it. Then, further, put on ten per cent. tax on all unimproved lots held by speculators within fifteen miles of Victoria; allowing that there are fifteen thousand acres, valued at ten dollars per acre (which is very low according to the prices asked) we have another fifteen thousand dollars in the treasury. Again, the bankers, and all that send the gold out of the country, let them pay their two per cent. on all they send; supposing they ship one hundred thousand dollars per month that would amount to seventy-four thousand dollars more. A nice little sum this—a revenue of *one hundred and nineteen thousand dollars*. Expend this on public improvements, and give work to the unemployed. Let us see who is going to be injured by this scheme? In the first place the wholesale men will charge the retail men the two per cent, sure; the retail men will receive five dollars to one they receive at present, when the working men are fully employed, and they cannot charge the consumer any more than at present on the small purchases the latter make. Again, the working man will have nearly constant employment, while now he cannot find one day's work in three or four months. He can, when employed, better afford to pay fifty cents more for a coat, shovel, or for any thing he may require. He can live in a better cottage, buy a little furniture and live more like a Christian than most of them do at present—three or four of them huddled together in a miserable shanty, sometimes almost starving, or living on what they can beg or borrow. By the tax on unimproved property, the land speculators will either have to sell, lease, or cultivate their lands, and in a few years all the money sent out of the country for produce will be expended here in labor; and where there is labor there you will have immigration. Let us adopt this policy, and without the excitement of gold mines we will double our farming and producing population every year. H. J. P.

DEATH OF A NOTABLE ACTOR.—The New York *Tribune* of December 26th says:—The theatrical community will learn with deep regret that James W. Wallack, the distinguished actor and manager, died early yesterday morning at his residence in Fourteenth street. Wallack had for some years been in feeble health, but it was only within a few months that any serious apprehensions had been felt concerning the result of his illness. Until the beginning of last week he was in the habit of receiving visitors and of personally directing the business affairs of his theatre, and the immediate cause of his death must have been almost entirely unexpected. He had long been a sufferer from violent attacks of the gout, which had weakened his system and made it less capable than it would otherwise have been of resisting the effects of a severe asthma that fastened itself upon him a short time ago. But, in spite of his advanced age, the natural vigor of his constitution had so long seemed to defy these ailments, that up to a very recent day it was hoped their fatal termination might be arrested for years to come. Wallack was born in London, at Hercules Buildings, Lambeth, on the 24th day of August, 1795. He inherited his theatrical vocation from his parents, both of whom had attained distinction upon the stage. His father, William Wallack, was a comedian of excellent reputation; and his mother, Elizabeth Field, had played for many years with Garrick.

ACCOUNT SALES OF QUEEN CHARLOTTE COPPER CO'S. ORE.

Per W. HILL.

Liverpool, 15th Nov. 1864.

JACK OF CLUBS MINING COMPANY.

A meeting of the above company was held on Tuesday at the Bee Hive Hotel, at which it was determined to throw no shares into the market at present. The owners of the grant (Messrs. E. Dewdney, J. E. Edwards, F. W. Laumeister, F. V. Lee, E. Divine, Thomas Harris, Mayor of Victoria, T. McCormick, H. Cooper, Lieut. R. N., Lt. M. Ireland, M. Hilton, A. McDonald, J. Bryant, J. Polmers, and J. Fyan,) intend carrying on the works themselves and from the amount of work already done, and the simple and inexpensive manner in which the drainage of the lake will be carried out we think it will be to their advantage to do so.

The object of the company is to drain the lake, and work the diggings at the bottom, which are supposed to be of great extent and richness. The shallow banks along the east side of the lake prospects well, and the main leads of Williams, Lowhee, and Jack of Clubs Creeks, all are supposed to run into the lake, as every indication shows that at some period this original channels of these creeks, and many similar ones did, flows through the valley to the south side of the lake, but through upheavals and other internal convulsions it has been dammed up, and the water forced back found egress at the north and making what is now called Willow River; by cutting through this natural dam a fall of fifty feet will be at once obtained, and by running a small open cut a distance of a quarter of a mile to tap the main lake, it is assumed that the immense volume of water will force a channal for itself, and the ultimate draining of the lake will be thus obtained.

We may state the size of the lake is about three miles long by three quarters of a mile wide. It is an interesting undertaking, and we shall watch its progress with pleasure.—*V. Times.*

ADVENTURES OF A MILITARY DETECTIVE.

The advantages of Pardon Worsley, a detective employed by the commander of this military department, are sufficiently romantic to be worked up into a dime novel. Through his exertions a most extensive contraband trade with the rebels has been exposed, involving several business firms of the city and in Baltimore, whose reputation has been heretofore without blemish.

Worsley came to Washington about two years ago with two dollars in his pocket. He hired himself out, according to his statement, to a baker for twenty dollars a week, and, after working a while as a journeyman, began the manufacture of pies and cakes for the soldiers. Having a permit to sell his stuff in the fortifications and camps of the southern defences of Washington, he became familiar with the localities along our lines in Virginia, and the military authorities at length proposed to him that he should try to gain some information of Mosby's haunts, &c., in Fairfax country. He undertook the difficult task, making short excursions at first, not daring to penetrate far into the enemy's country. But one day, two ladies of the secesh persuasion solicited him to carry them through the lines to a place near Mosby's headquarters. He informed Gen. Augur about the matter, and suggested that this might lead to an acquaintance with Mosby. Gen. Augur encouraged him to go ahead with the expedition, and he was furnished with the necessary papers and the countersign, to be used on his return.

Mosby was not at his quarters on this occasion, but the ladies he had carried out made such representations to the Captain in command that that officer furnished Worsley with a document in the nature of a safeguard, certifying that he was a true friend of the Southern soldiers, and ordering that he should not be molested by the Confederate soldiers or citizens.

Worsley now commenced, for the purpose of obtaining information, a traffic with the rebels beyond our lines, carrying to them tea, coffee, sugar, dry goods, etc. He soon formed the acquaintance of Mosby and his officers, and purchased for them in Washington and Baltimore such articles as they ordered. Mosby formed a high opinion of Worsley's smartness and shrewdness, and, becoming fully convinced that he was faithful to the Confederate cause, he appointed him his sutler. Worsley now drove a thriving business, carrying to the rebels as much merchandise as a span of horses could draw, as often as he could dispose of the load. From time to time he was informed of both the ness houses where goods were furnished for contraband traffic, and, according to instructions, he opened up a trade with them. He informed these accommodating merchants that he was obliged to submit his invoices to Mosby and his officers, who allowed him a handsome advance, but in order to make the profits of the business commensurate with its risks, he must have two invoices, one giving the real price, while the intended for Mosby's inspection should be doubled. In this way he rolled up enormous gains, as he was allowed a reasonable advance on his doubled invoice, and received his pay in tobacco, on which he realized three and four hundred per cent profit when brought within our lines.

Worsley also became a mail carrier for the rebels, bringing large quantities of correspondence and making General Augur's quarters the "distributing office."

But Mosby, the cunning partisan chieftain, did not allow his confidence to repose fully upon Worsley until he had tested him thoroughly as he thought. On one occasion he demanded of him that he should carry him in his wagon to a certain point about twelve miles distant from his rendezvous in the direction of Washington. Worsley objected. Mosby replied, "D—n your look! How much tobacco will you take for the lot?" Worsley went into a careful estimate of the value of his wares, and, while making his figures, the guerrilla, who had been watching him, exclaimed: "Worsley, you are the smartest fellow I ever saw—you are not all Jew—there's some Yankee blood about you." A bargain was struck, and Mosby turned over the goods to his band and set out alone with Worsley on his jaunt toward Washington. The spy relates that he was sorely tempted during this ride to gag his passenger, tie him in the bottom of his wagon and bring him in a captive. But he reflected that Mosby without doubt was trying him, that he had the road picketed with concealed guerrilles, and that if he should be seen committing violence upon him, or afterwards driving along alone he would be shot or captured and hung. When they were near their journey's end Mosby alighted from the wagon, leaving his pistols behind, and went into a field. Here then, thought Worsley, is an opportunity to shoot him with impunity, but his caution prevailed and he still jogged along with his passenger, in whose countenance he discovered an evident appearance of satisfaction, as if he were inwardly saying—"He's a true man, after all."

At another time Mosby requested Worsley to bring a lady to Washington—she being no other than Miss Fanny Nolen, one of Mosby's sharpest spies, who is now a prisoner in the Old Capitol. This young woman has visited Washington often in male attire, remaining sometimes a week in the city. Worsley objected strongly to taking Miss Nolan to Washington; didn't see how he was to get her through our lines. Mosby said—"Nonsense, you can bring out as much as your two horses can haul; and it should be quite as easy to take one woman into the lines. Tell ma, Worsley," he added, "how do you manage to bring your goods out?" Worsley's reply was a trumpery story about his traveling in the night by unfrequented roads, his bribing pickets sometimes with fifty dollars, sometimes with twenty, and sometimes with a bottle of whisky, etc. But Mosby insisted that he should bring Miss Fanny along, and he was obliged to consent, saying that she must take the same chance that should befall himself. They had a pleasant ride, Fanny talking incessantly, and drawing from him as much of the history of his early life as possible. But he was much perplexed as to how he should pass our pickets with his precious charge. It would not be safe for him to exhibit his detective's pass in her presence, but he at last remembered a house occupied by a secessionist and situated just within our lines, the back yard of which could be reached without passing the pickets, who were posted on the road in a hollow. Having reached this house in a roundabout way, he drove into the yard, watered his team and then took boldly to the road.

Mosby was in the habit of informing his purveyor, Worsley, where his command might be found on his return from his excursions, and it happened that before he got back with Miss Nolen a party of our cavalry had fallen upon Mosby's band and inflicted some loss upon them. Worsley and Fanny put up at a house near the place appointed and retired to their beds. During the night Worsley was aroused from his slumbers by the man of the house, who said an officer wanted to speak with him. He arose and went to the door of his chamber, when he was confronted by one of Mosby's lieutenants, pistol in hand, who exclaimed, "You d—d Yankee spy, I am going to shoot you." Worsley inquired what he meant. The lieutenant said their band had been attacked that day by Federal cavalry, and so-and-so were killed. It must have been by Worsley's treachery, and he had been ordered by Colonel Mosby to shoot him, which he was about to do. Worsley many and die, if by probable that the spy would have ended his career than and there if Fanny Nolen had not suddenly on the scene of action. She was reposing in the next apartment, heard the loud threat of the lieutenant and the protestation of Worsley. "You can shoot me, but if you do you will find out you have done a wrong thing," and wrapping something about her, she sprang into the room between them, saying: "You shall not shoot him unless you kill me first. I tell you he is a true man. I tracked him every step in Washington, and I know he did not betray you. Send Colonel Mosby to me." Mosby was sent for, and after holding a short conversation with Miss Nolan he went to Worsley's room, saying: "I was was wrong, I misjudged you. Think no more about it."

These are some of the incidents that checkered the life of Pardon Worsley while he was making himself acquainted with the contraband dealers in this city and Baltimore. Experienced detectives say he has worked up a "big job" in a manner that reflects great credit upon him as a professional. and Gen. Augur ascribes to him all the credit of exposing a large number of rascals engaged in giving aid and comfort to the enemy.

☞ We are requested to state that R. Brodrick has not advanced the price of Nanaimo coal notwithstanding his being the only dealer who has a supply on hand, but continues to furnish his customers and the public with that necessary article at the usual market rate, $12 per ton.

A GOOD CHANCE FOR HOTEL KEEPERS.—The British Columbia Hotel, one of the best situated and most commodious public houses in New Westminster, is offered to be leased by the proprietor, Mr. Burr, of this city, on the most reasonable terms. Parties wishing to take advantage of the spring trade on the Fraser will secure a bargain by availing themselves of this offer. The rent is placed at the low figure of $10 per month.

SELLING OUT AT REDUCED PRICES.—As the proprietor is about to remove to a more commodious store, he sells all and every article of clothing, shirts, gloves, hosiery, hats and caps at below cost, to save the expense of removal. Call at A. J. Brunn's, Government street.

A CARD.

We are pleased to announce to the citizens of Victoria that our old and esteemed townsman, proprietor of the Fashion Concert Hall has sufficient confidence in our thriving city, prospects, notwithstanding the present agitation, to add to his fashionable piece of resort additional talent and attractions at considerable expense, as will be seen by referring to our advertising columns. Go one, go all, and see the new faces.

HOLLOWAY'S PILLS.—This medicine has been constantly increasing in public estimation for years, and is now acknowledged to be the most wonderful remedy in the world. It acts directly on the system, removing all obstructions from the stomach, regulating the springs of life, and purifying the blood, eradicating liver complaints—that misapping of so many diseases—indigestion, loss of appetite, pain in the side, and general debility. It is also a remedy on which the asthmatic may place the greatest dependence, and obtain perfect restoration to health. The hypochondriac and dyspeptic should resort to these invigorating Pills, which are capable of converting the gloomy shadows of their life into heeming sunshine, and bringing back those naturally happy thoughts engendered by a good digestion.

FEMALE DISEASES.

A large proportion of the female sex suffer from some irregularity in the menstrual secretion. All such sufferers, whether from suppression, excessive flow, or painful discharges, can find safe and permanent relief in the well tried PERUVIAN SYRUP which acts in such cases almost like magic.

ST. VITUS' DANCE.

This distressing and mortifying nervous affection is left generally either to take its natural course, or is treated on general principles with very little success. The nervous symptoms are not the diseases itself, and proceed from functional or organic derangement in the nervous centres. No medicine has been found equal to the PERUVIAN SYRUP, in obeating the involuntary nervous tremblings known as St. Vitus' Dance.

SOOTHING AND BRACING.—There is no preparation in existence which has such a soothing effect in cases of nervous excitement as

DR. HOSTETTER'S STOMACH BITTERS.

Although the fame of this renowned invigorant rests mainly on its astonishing cures of Dispepsia, Liver Complaint, and bilious disorders, it is especially efficacious in nervous complaints. Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and lightens the depressed mental powers as well as strengthens the body, and its use is never followed by any unpleasant reaction. Sold by all Druggists and dealers everywhere.

HOLLOWAY'S OINTMENT AND PILLS.—Rheumatic Pains.—Many thousands of martyrs from rheumatism have found human life but one long disease, and after consulting all the most eminent men in vain, and trying all sorts of supposed remedies without relief, have grown weary of existence, and have ceased to hope for comfort on this side of the grave, until some lucky accident has called their attention to Holloway's Pills and Ointment. These are genuine remedies indeed. Persons bedridden for months with rheumatic pains and swellings, after the Ointment has been well rubbed into the affected parts, and the blood purified by the course of these Pills, have found themselves restored in an incredible short time to perfect health and ease.

DISEASES OF OLD AGE.

As man approaches his allotted three score and ten years the vital powers ought to fail; stimulants of various kinds are used to strengthen the retarding failing system, such as wines, barks, &c. Instead of these, let the aged keep up the supply of the strengthening element, iron, by the PERUVIAN SYRUP, which offers a protoxide of that metal ready for immediate absorption.

LOSS OF APPETITE.

In persons of sedentary and literary pursuits, if the brain is over-worked and the muscles underworked, the appetite is very apt to fail from a general atone of the system. The PERUVIAN SYRUP, restores the tone of the digestive system and consequently the appetite, by supplying a pure blood to organs too weak to make it without assistance.

HOLLOWAY'S PILLS.—A certain cure for Headaches, Bile, Loss of Appetite, and Lowness of Spirits.—These Pills can be taken without danger from wet and cold, and require no interruption from business or pleasure. They act mildly on the bowels, strengthen the stomach, and promote a healthy action of the liver, whereby they purify the blood, cleanse the skin, brace the nerves, and invigorate the whole system. They effect a truly wonderful change in a debilitated constitution, as they create a healthy appetite, remove indigestion, remove bile, giddiness, headaches, and palpitation of the heart. Plain directions for the use of this medicine, at once so mild and efficacious, are affixed to each box.

COMPLAINTS OF CHILDREN.

In the cases of fast-growing and orofulous children, predisposed to curvatures and other deformities, it is often desirable to give a tonic without stimulants, and an alterative without irritation. For such it would be impossible to select a preparation combining so many of the above advantages as the PERUVIAN SYRUP.

IODINE WATER.

IODINE WATER IS THE MOST IMportant discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to set upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the cost and ability which have been devoted to its investigation, it remained eluent useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient leber and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Professor Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see American Medical Monthly, July 15, 1856, page 76.)

This veinable medicine is now avellebis to the public for the cure of Scrofula in all its manifold forms, Consumption, Goitre, Disease of the Liver, and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility an increasing nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, flaccid and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price $1 per bottle.

"CONSTITUTION WATER,"

THE ONLY REMEDY

FOR DISEASES OF THE

Bladder! Kidneys!!

Gravel, Dropsical Swellings,

GENITAL DEBILITY, &C

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of maladies above mentioned, and also DIABETES,

IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorders or decays of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature or impaired by sickness, the nursing and relaxed organization is at once refreshed, revivified, and all up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder,
INFLAMMATION OF THE KIDNEYS AND CATARRH OF THE BLADDER,
STRANGURY AND BURNING, OR PAINFUL URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND
MUCOUS OR MILKY DISCHARGES,
AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said of its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!

Males & Females

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

LILLIE'S SAFES

Cannot be Picked!

The Russell & Erwin Manufacturing Company, General Agents,

106 and 108 *Battery Street, San Francisco.*

A TRIAL TEST!!

This is to certify that we purchased on the THIRD inst., of Mr. F. Tillman, the agent in this city of Tilton & McFarland, one of their BEST safes, WITH INSIDE STEEL VAULT, and WARRANTED by their agent to be FIRE and

BURGLAR PROOF,

of no sale. The outside door of said Safe is secured by their six-tumbler key lock. The door of the Steel Vault is secured by their six-tumbler key lock, and a five ring Combination Lock.

Mr F. W. Kenign opened the said Safe, by picking the lock on the outside door in

TEN MINUTES,

and the door of the Steel Vault, by making a key from measurements taken from the outside thereof, while said door was closed and locked, and by picking the Combination Lock (not using tools or violence) in five hours and fifty-seven minutes, being

One Hour and Three Minutes within the time he was limited to.

The trial was made WITH THE CONSENT OF MR. TILLMAN, who was apprised of the conditions thereof beforehand, and who, upon the above result being made known to him, promptly offered to carry out his warrantee by sending for said Safe and taking it off our hands.

I CANNOT, and do not, after witnessing the above operations, CONSIDER SAID LOCKS AS BURGLAR PROOF. Signed,

Alexander Boyd,
Of BOYD & DAVIS, 209 Front street,
San Francisco.

SACRAMENTO, August 8, 1864.

This is to certify that Mr. W. F. Ensign

DR. J. COLLIS BROWNES

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGHS, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S. L., (ex-Army Medical Staff,) the receipt of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or causing any of the unpleasant effects of opium.
From W. Venables Pettigrew, M.D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."
Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."
From C. V. Riddell, Esq., Surgeon, Egham: "As an astringent in severe Diarrhœa and an antispasmodic in Colic and Cramps in the Abdomen, the relief is instantaneous."
Chlorodyne—Vice Chancellor Sir W. P. Wood on Jan. 11, pronounced "that it is clearly proved before the court that Dr. J. Collis Browne was the original inventor and discoverer of a remedy well known as Chlorodyne, and so highly appreciated in India, China, &c."
Extracts from the General Board of Health London, as to its efficacy in Cholera.
1st Stage of Premonitory—In this stage the remedy acts as a charm, one dose generally sufficient.
2nd Stage, or that of Vomiting—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.
3rd Stage, or Collapse—In all cases restoring the pulse. So strongly was we impressed with the immense value of this remedy, that we cannot too forcibly urge the necessity of using it in all cases.
From A. Montgomerie, Esq., Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I lately owe my restoration to health after a forlorn six months' severe suffering, and when all other medicines had failed."
Caution—Chlorodyne—In Chancery.
It was clearly proved before Vice-Chancellor Sir W. P. Wood, by affidavits from eminent hospital Physicians of London, that Dr. J. Collis Browne was the discoverer of Chlorodyne; that many prescribe it largely, and mean no other than Dr. Browne's. See Times, Jan. 13, 1864. The public, therefore, are cautioned against using any other than Dr. J. COLLIS BROWNE'S CHLORODYNE.
No home should be without them. Sold in bottles, 2s 9d and 4s 6d, by J. T. Davenport, 33 Great Russell street, London, W. C., sole manufacturer. Oh each genuine bottle, none genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. jn24 tyw
W. M. SEARBY, Agents for Vancouver Island and British Columbia.

PHŒNIX FIRE ASSURANCE COMPANY,

LOMBARD STREET & CHARING CROSS
LONDON.
[ESTABLISHED IN 1782.]

THE PROMPTITUDE AND LIBERALITY with which its engagements are always met by this Company are well known, and the importance of its relation with the public may be estimated from the fact that since its establishment it has paid more than EIGHT MILLIONS STERLING in discharge of claims for losses by fire.
The undersigned having been appointed agents for the above Company, are now prepared to effect insurance against fire upon Buildings and their contents, and Ships in harbor, with or without cargo, on the most favorable terms.

The Infallible Remedy.

Holloway's Ointment.

Contracted or Stiff Joints.

All the medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this inestimable ointment be affectually rubbed into each parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail.

Scorbutic Humours.—Scald Head and Skin Diseases.

Scorbutic humors arise from an impure state of the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment if well rubbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors, and miners, use this famous Ointment in all parts of the world.

Disorders of the Kidneys, Stone and Gravel

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it
